

The “MJP”

The “MeJew Prosecutors”

This essay proposes the establishment of an organization called “MJP” (MeJew Prosecutors) whose aim is to assemble scientific evidence against the MeJews (i.e. Massively Exploitative, Massively Evil Jews, such as the Jewish central debt banksters, who rob western populations of half of their taxes; Jewish Neocons, who bribe the US government to go to war with Israel’s enemies and force US tax payers to foot the bills at trillions of dollars per war, etc.) The MeJew central banksters have so indebted the US that they have destroyed a beautiful country. Their ability to print money has corrupted the US government so totally, that it is no longer a democracy, it is a slave to Israel, a Zionocracy.

Thanks to information on the internet, westerners, and especially Americans, are waking up to these horrible crimes and are getting very angry and learning to fight back, to take back their countries, especially in the US and UK, which do not have MeJew imposed “hate speech” (a.k.a. suppression of criticism of MeJews.)

The aim of the MJP is to assemble experts in the fields of history, politics, political science, the hard sciences, and especially lawyers, to prosecute these MeJew criminals and strip them of their power, so that real democracy and real economic wealth can be restored to those countries the MeJews have stolen. Members of the MJP should be professors, researchers, activists, publicists, journalists, etc who are committed to ridding their countries of the MeJews and their agents.

The global headquarters of this organization will probably be based in the US, since American citizens are the best informed and the most energetic. It will need to be self financed and self organized, and be very wary of infiltration by MeJew paid provocateurs.

Its tasks would be the following –

1. Research and Education.

Scientifically and historically reputable evidence against the crimes of the MeJews should be assembled and spread across the world to rouse global public opinion against them.

2. Legal Prosecution

Once the evidence exists, prominent MeJews should be “taken down”, i.e. prosecuted by the law, preferably before

the International Criminal Court in the Hague, or at least the national courts and be stripped of their power.

Other Goals of the MJP

The primary aim of the MJP as its very title intends, is to prosecute MEjews, especially MEjew central debt banksters, and MEjew Neocons, stripping them of their power to massively abuse the Goy (i.e. non Jews). However, there are other goals, as listed below.

a) Vote Out MEjew Financed Politicians

Once the MeJew central debt banksters are removed, the politicians they have corrupted need to be voted out of power. This should be assisted by publishing lists of money given to them by the central debt banksters and the like, and especially their voting records on matters relating to support of Israel.

b) Cut US Support to Israel

Once the banksters and corrupted politicians have been taken out, the new, non corrupt US politicians, should be made by public pressure, to cut any support to Israel.

c) Strip US MEjews of their Power, Create Quotas

The US Jewish community, 2% of the US population, must be stripped of their power. The Jews in general are extremely tribal, loyal to their own community, with a long

history of exploiting and abusing the Goy (non Jews) in favor of themselves. The most extreme example of this is the MeJew central debt banksters. This would mean the breaking up of MeJew monopolies in a string of institutions, e.g. Hollywood, the media, the news services (Reuters, Associated Press (AP)), Supreme Court, publishing companies, etc. Quotas need to be imposed and a lesson taught to the US Jewish community, that the US Goy, in their 98% majority, will not tolerate being taken over by the Jewish 2% and having their politicians and economy parasited upon in the interests of the 2%

d) Help MJPs to be Established Worldwide

Once a thriving MJP has been established in the US, i.e. once the pioneering work has been done, it will act as a model for other MJPs to be established around the world. The US MJP can help these newer MJPs to get off the ground, with ideas, organizational help and money.

e) Create Counter Labels

The MEJew monopoly of Hollywood and the media in the US (a deliberate policy of MEJews) has utterly brainwashed the US public that it is taboo to criticize Jews. The usual label used to silence criticism of Jews by the goy is “anti-Semitic” which if you think about it is deeply sageist (i.e. anti intellectual). No group should be singled out to be uncriticizable. The fact that in many countries in Europe (e.g. Germany, Austria, France, Denmark, Holland etc) as well as in Canada, Australia, etc. it is against the law to

write the kind of thing I am writing here, shows how powerful MEjews have become in these countries. It was largely they who bribed national politicians and parties to accept these so called “hate laws” ultimately to stifle criticism of MEjews and their horrible crimes, all camouflaged in a seemingly sounding tolerance towards minority groups, e.g. homosexuals, Islamists, blacks, etc. The record shows that it was MEjew organizations that pushed the hardest for the establishment of such laws.

To counter the brainwashed force of the label “anti-semitic” I have invented a few of my own. The most powerful counter label is “MEjew” that I use throughout this essay. Common sense says that most Jews are average Joes, they are harmless, who do no harm to anyone, and should not be abused. Jewish Nobel prize winners in science, and in math, I have great admiration and respect for, but I do have a real hatred against the MEjews for the reasons given in this essay. Such hatred does not need any justification. It is simply the natural reaction of anyone who is sufficiently informed of their massive crimes. It is impossible to remain indifferent to people who indirectly are responsible for the deaths of literally hundreds of millions of people.

A second label is “anti-goy”, which is self explanatory. Many Jews are anti-goy. The Talmud is vitriolically anti-goi, full of passages that express the hatred of the goy by its Jewish writers. Jews will often emigrate in large numbers to a country that initially is fairly tolerant of them, and a mere half century later, it throws them out. Typically, the

behavior and attitudes of the Jews towards their hosts is so anti-goy that it generates an anti-semitism in response. The Jews cannot pretend that they are always the victims of anti-Semitism, when in over 100 instances in Europe over the past 1000 years, independently, they have been thrown out. Obviously the problem lies with the Jews, and especially their leaders, the MEJews. The label “antigoy” is useful, because if some Jew dislikes the opinions of some goy and hurls the label “youre an anti-Semite!” at him, then the goy can immediately hurl back the label, “because you and your people are so antigoy.”

Another counter label, that I introduce here is “goy baby” which means a goy person who is as gullible as a baby in believing such things as the MEJew propaganda that the Jews have been innocent victims throughout history, that 6 million Jews were gassed at Auschwitz and other German concentration camps etc. Goy babies are typically ignorant of the level of control of MEJews in the major countries, e.g. in the US, they don't know that Hollywood is dominated by MEJews, so are the major news outlets (Reuters, Associated Press), the media, newspapers, magazines, TV networks, radio stations, publishing companies, the Supreme Court, the Congress, etc. The label “goy baby” is useful, because it is an insult that can be hurled at a brainwashed goy to motivate him to learn more about the antigoyism of the MEJews. If an informed goy hears a goy baby express some opinion that shows that the goy baby thinks it is taboo to criticize Jews, especially MEJews, then the informed goy can say to him “You sound like a goy baby.” If this label, this insult, can catch on, then

it will motivate a lot of goy to become better informed about the massive crimes of the MEjews. Goy will not like being insulted by being labeled “goy babies” so will be more open to criticizing Jews, especially MEjews, and this will help the goy free themselves of the massive abuse by MEjews.

f) Teach Jews that Anti-Goyism Generates Anti-Semitism

Pressure needs to be imposed on the US Jewish 2% that they have succeeded in making themselves hated wherever they have gone. Their track record over the past 1000 years in Europe is truly appalling. As mentioned earlier, in over 100 different, independent instances, Jewish communities have been thrown out, in country after country, century after century. The lesson learned from this reality by the host countries is that the Jews seem incapable of learning that their behavior and attitudes towards their host communities generate hatred against them due to their deeply ingrained anti-Goyism, which generates an opposing anti-Semitism. The historical record shows that the Jews have usually failed to have peaceful relations with their hosts, so they can only be controlled by their hosts. The Jews in the US will need to be controlled, or be banned on a case by case basis. Quotas will be essential.

Once the MJP has come into being, it will need to create its own institutions, e.g. website, conferences, educational videos, funders, lobbyists, a publishing house for books and pamphlets, and have its own distribution service that can avoid the MeJew monopoly on the publishing industry.

Universities should be encouraged to pursue “MeJew Studies” which looks into the crimes against humanity perpetrated by the MeJews. PhD students should be encouraged to take up this specialty. Professors should be encouraged to write books about the topic and place them free on the internet or be published in paper form by publishers who are independent of the MeJew publishing monopoly. The MJP needs to establish internet interest groups and educate the general public around the world to make people aware just to what extent they are being abused and exploited by the MeJews. This new awareness should generate anger so that the Goy will become much more conscious of MeJew abuse and exploitation of the Goy and lash out against their MeJew oppressors.

g) Relocate Israel, Restore Palestine to the Palestinians

Longer term, the MJP should push its politicians to support the creation of a new Israel, giving the worldwide Jewish community a homeland, but not Palestine, which was stolen from the Palestinians, through Jewish death squads and US military equipment. The Israelis should be encouraged to rehouse to an area which they buy, with the agreement of the sellers, and not stolen, the way the MeJews stole Palestine, that earned them the disgust of the world.

LIST of MEjew CRIMES

To help motivate the creation of the MJP, here is a partial list of the massive crimes against humanity that the

MeJews have committed, and some suggestions as to what can be done to combat them.

1) Massive Structural Theft by MEjew Central Banksters

The greatest crime committed by the MeJews is their creation of private central debt banks with the power of printing money, which they can then use to bribe politicians to do what the MeJew banksters want. The primary target of the MJP should be to take down these MeJew central debt banksters. The MJP should encourage the idea that it is the civic duty of anyone of bachelor degree level or above to understand how the MeJew central debt banksters rob populations of about half of their tax money. The essence of this theft is as follows. A government wants to spend more money than it receives in taxes. It takes out a loan from its country's MeJew central debt bank, say for a trillion dollars. The MeJew central bank prints the money at almost zero cost ("out of thin air") and gives it to the government, which then spends it, causing inflation, since more dollars are now in circulation for the same number of goods and services, so prices go up, lowering the living standard of the population. The government then further taxes its population to pay back the loan WITH INTEREST, to the MeJew central debt bank. Since the MeJew central debt bank created this money out of thin air, this extra tax money is sheer profit (theft) for them. Since the interest on the "loan" usually amounts to about the same amount of money as the principal (the amount lent) the MeJew central debt bank profits greatly from this interest (with the principal returning to the government.) This massive scam

of the MeJew central debt banksters is truly abusive and deserves the hatred of the population smart enough to understand how the scam works.

The MJP should encourage each person to teach two other people how this MeJew central debt bankster crime works, so that exponential growth will educate millions of people to become angry at the abuse and exploitation of the goy (including ordinary Jews as well, who are just as much exploited) by these heartless, callous MeJew banksters. (A useful YouTube video on this is the 5 part lecture by Mike Maloney, especially lecture 4) The MJP should also teach the population that the MeJew central debt banksters are large MeJew bankers. The US Federal Reserve System which was set up in 1913 and signed into US law by President Wilson, who was bribed by MeJews (a crime in itself, that needs to be fully studied) is in reality a private banking cartel comprised of (mostly?) MeJew controlled banks, modeled on the Bank of England that was set up by the most hateful MeJew family in history, namely the Rothschilds. Eustace Mullins, the pioneer who exposed the racket of the US Fed, claims that the primary function of MeJew central debt banks is to finance wars, so that governments have to borrow heavily from the MeJew central debt banks to buy munitions and pay soldiers. These MeJew central debt banksters then profit enormously from the huge interest paid by the borrowing governments, which ultimately comes from the tax money of the populations at war. A blatant example of this callousness was the dirty deal made between the Rothschilds in Europe and Lord Balfour in the UK during WW1. The Rothschilds

believed in the ancient Jewish prophecy that Jews would rule the world from Palestine, so they had their agents pay Hitler early in his career (early 1920s) to allow him to force complacent assimilated German Jews to move from Germany to Palestine. The Rothschilds bought land in Palestine and paid for many Jews to migrate to Palestine. The Rothschilds suggested to Lord Balfour, a former prime minister of the UK and a Zionist that the US would come into WW1 if the British government would promise Palestine to the Jews. The Rothschilds then persuaded their American MeJew collaborator Zionists to launch an anti German media campaign in the US that would stir up a real hatred against the Germans (the “Hun”). Since these American MeJews controlled most of the US media at the time, they were able to get away with this massive deception. This utter callousness of the European and American MeJews shown towards the soldiers of the US, Britain, France, Germany etc who then fought on for a further two years, resulting in another 10 million soldier deaths, all for the sake of the establishment of Israel in Palestine, shows the utter contempt of these MeJews for the lives of the Goy (the non Jews). The Germans learned about this dirty deal between the Rothschilds and Lord Balfour at the Peace Conference in Versailles in 1919 and felt stabbed in the back by their own traitorous German MeJews. Up until the arrival of the Americans in WW1, the war was going in their favor. Eustace Mullins claims that it is no coincidence that WW1 started a mere year after the US Fed (the MeJew central debt bank) was set up in 1913. The billions extracted from American tax payers starting in 1913 was then lent to the UK to go to war with Germany,

whose superior industrial productivity was bankrupting the UK. WW1 and WW2 was all about destroying Germany, using MeJew money, leading to huge interest payments to MeJew central debt banksters. Full details of this type of utter contempt for the lives of ordinary people as shown by MeJew banksters needs to be fully researched and made scientifically and historically watertight, and then sold to the world, so that the MeJews are prosecuted, the prime aim of the MJP.

2) MEjew Central Banksters Generate Depressions

The MeJew central debt banks of nations have another power that is as hatable as the above, namely the power to determine interest rates on loans from banks across their countries. This allows the MeJew central debt banksters to create booms and busts (the so-called “business cycle”) at their will. For example, in the US in the 1920s, the “roaring 20s” the US MeJew central debt bank (the Fed) kept interest rates on loans low, and the money supply ample, so that ordinary citizens could get loans easily, and the economy boomed. New businesses were created, and hence new wealth. People worked hard for their own profit. Then the MeJew bankers, who were members of the MeJew central debt bank, decided it was time to “reap” from the population. They pulled out of the booming stock market at its height, flushed with cash, then raised the interest rate, so that people could not repay their debts. They went broke and were forced to sell their assets at cents on the dollar which were bought by the MeJew banksters, making them even richer. A great economic depression followed in the

1930s, many committed suicide, and the MeJew banksters raked in the real assets. This is evil on a massive scale, which is why the MeJews are labeled MeJews, they are a small minority of Jews who are massively evil and easily merit our hatred.

3) MEjew Central Debt Banksters Push for War

The MEjew central banksters profit most when governments they lend to are at war, so it is in the self interest of MEjew central banksters to promote war. For example, as soon as the Rothschilds and their agents in the US created the Fed and the IRS in the US in 1913, they were able to give the UK enough money (according to Eustace Mullins) to go to war against Germany, which was outcompeting the UK in the international market place with Germany's superior engineering and productivity, etc. In 1916, the Rothschilds contacted Lord Balfour in the UK, with the dirty deal mentioned above, to promise the Rothschilds to give Palestine to the Zionists in exchange for the MEjews bringing the US into WW1, thus tipping the balance in favor of the UK, France, etc. The MEjews in the US controlled a lot of the media, and when they heard of the Balfour declaration in 1917, they went on a publicity blitz, reversing their attitude towards Germany overnight. Prior to the Balfour declaration, these US media MEjews were anti Czar, and hence pro Germany, since in WW1, Germany was fighting Russia. These MEjews then whipped up a media frenzy against "the Hun" and brought the US into WW1. In 1916, Germany was suggesting to the UK a peace treaty, to restore international borders to pre 1914

and the UK government was seriously considering it, until it received Rothschild's proposal, which the UK government accepted, because it wanted to win WW1. So, thanks to the MEjews, especially the Rothschilds, WW1 was doubled in length, 10 million more British, French, German etc soldiers died and the MEjew banksters made huge profits on the loans they made to these governments at war, and on both sides!

WW2 was similar. The Rothschilds and other similar MEjews bribed Churchill, Roosevelt, to push for war against Germany, since WW1 had not destroyed Germany, thanks to Hitler. In fact, MEjews supported Hitler financially, early in his career, because he hated the MEjews so much. The Rothschilds wanted the Jews to move to Palestine (Israel). The Rothschilds were true believers in the Kabbala (the Jewish mystical philosophy), which prophesized that the world would be ruled by the Jews and from Jerusalem. Supporting Hitler would motivate ordinary assimilated and comfortable Jews in Germany to move to Palestine. Poland was controlled by MEjews who massacred many Germans, forcing Hitler to invade Poland. This gave the UK and France the excuse they needed to go to war again with Germany, to finish what they had failed to finish in WW1.

The utter callousness of the MEjews, especially of the Rothschilds, and the like (e.g. the Schiffs, who paid for the transport of Trotsky (MEjew name – Bronstein) and quarter Jew Lenin and other MEjews to Russia to foment a MEjew putsch against the Russians in 1917. The Schiffs ended up

with a large hunk of the Czar's gold, and 60+ million white Christian Russians were holocausted by Trotsky's "red" Russian army, a far larger holocaust than anything Hitler did to the Jews) makes them hatable. These MEjews care nothing for the lives of tens of millions of people. They are history's greatest criminals, since they are the people behind, the enablers of, the great dictators, Lenin, Stalin, Hitler, Mao etc. They started the two world wars, and the less major wars since then. Any country not having a MEjew central debt bank is invaded by countries that do have one, e.g. recently, Iraq, Libia, etc. Hence these MEjews have indirectly killed hundreds of millions of people. They are truly hatable.

4) MEjew Banksters Assassinate US Presidents

There is a pattern in US history. Whenever a US president throws out the MEjew central debt bank system (in which the interest on government debt paid by tax payers, ends up in the pockets of MEjew banksters who are members of the private MEjew central debt bank) those banksters arrange for the assassination of that president. The most famous such cases are Lincoln, and JFK. In the 19th century, President Jackson fought tooth and nail against the US Central Bank and was almost assassinated with two pistols thrust into his stomach, but both failed to fire. His dying words were "I killed the bank!"

5) MEjew Neocons Make the US Pay for Israel's Wars

The MEjews in the US have become so powerful, that US politicians are afraid of the Jewish lobby. AIPAC (American Israel Public Affairs Committee) is the most powerful lobby in the US. If AIPAC wants the US to go to war with one of Israel's enemies, then US politicians don't dare object, because if they do, they will lose their next election because the MEjews in the Fed (the MEjew central debt bank) can simply print money for free and finance heavily the opponent of the offending politician at the next election and wipe him off the political map. The past few wars that Israel wanted have been, Iraq, Libya, Afghanistan, etc. Such wars cost several trillion dollars each, all paid for by US taxpayers. These wars have impoverished the US. Recently, an Israeli president (Sharon) boasted to an Israeli newspaper that "We control the US congress." He is right.

It is simply unacceptable that 2% of the US population (US Jews) control the other 98%. In fact, it is only a few thousand MEjews who are the controllers. This would not be a problem if these MEjews were loyal Americans, but they are not. They are Jews, and Jews are fiercely tribal. They are extremely loyal to themselves, which is how they survived as a coherent people, even though dispersed over the world. In today's world, most Jews, including MEjews, are loyal to Israel (i.e. stolen Palestine). So, in effect, US citizens are paying trillions of dollars for wars that are not in their interest, but are very much in the interest of Israel, and definitely in the interests of MEjew bankers, who profit mightily from US government debt interest payments. This situation is simply immoral and hatable.

6) US Aid of Billions of Dollars a Year to Israel

Israel is not a poor country, yet the US gives it several billion dollars a year in “aid” to keep it afloat. It also gives billions a year to Egypt to bribe it not to go to war with Israel. How did this come about? Israel has no oil. The Arabs, have the oil that the US so desperately needs, so why on earth would the US government so antagonize the Arabs by defending and financially supporting Israel by giving it so much aid each year? Why indeed? The answer is due to the MEjews. Any US politician who criticizes Israel’s desires commits political suicide. As a result, the US is hated by Arabs, since Israel would not have existed without US support. MEjews bribed Truman \$2M for his reelection campaign in 1948 so that he would have the US vote in favor of the creation of Israel at the UN in the same year. Israel is complaining bitterly that Iran may soon have the bomb, yet Israel has hundreds of nuclear bombs of its own, so which is the rogue state? Israel’s theft of Palestine made it hated by the Arabs. They tried to wipe out Israel in several wars, but each time were defeated due to the support of US military aid and money. Correspondingly, the Arabs hate the US as much as they do Israel.

Once the MJP has been successful in stripping MEjews of their power, all such aid to Israel needs to be cut. Since Israel still has its bombs, another Israel, in another location, will need to be found, as discussed in g) above.
